

# Saturn Enterprises, Inc.

## CAPABILITY STATEMENT

BBVA Bancomer (Mexico City)

Saturn Enterprises, Inc., a Texas-based woman-owned small business, was established in 1994 with the mission to serve diverse global markets in Latin America. We are delighted to announce our expansion into both the domestic market and federal government sectors.

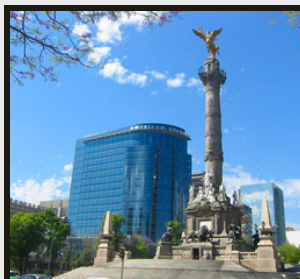

We specialize in innovative solutions for commercial, industrial, healthcare, and educational facilities, with expertise in building automation, efficient HVAC systems, and more. Our commitment extends from project initiation to completion, regardless of size, ensuring comprehensive support and excellence at every step. Our services include project management, design, programming, product procurement, and installation. At Saturn, we pride ourselves on seamlessly integrating top-quality products and services, working closely with clients to ensure smooth and successful project execution.

### Past Performance

*We have served thousands of satisfied customers for 30 years.  
Customers include commercial, industrial, healthcare and educational facilities.*

- **Reforma 350 Mexico** - The American Express headquarters in Mexico City features cutting-edge building automation solutions provided by Saturn, including high-performance fan-powered VAVs and controls.
- **Hospital Puntarenas Costa Rica** - This expansive 72,132 square meter hospital stands as a testament to our collaborative success. Saturn's partnership with engineers for the \$225M project exemplifies a commitment to groundbreaking healthcare solutions.
- **Otis Air Cayman Islands** - Saturn has provided solutions for many Caribbean firms, such as Otis Air, including custom-made architectural designs and anti-rust stainless steel products needed for islands and coastal cities.
- **BBVA Bancomer Mexico** - Partnering with design engineers, Saturn provided fire and smoke damper systems for the 235m/52-story high-rise bank building as part of the comprehensive building solutions for this project.

Re: Letter of Reference for Saturn Enterprises, Inc.

To Whom It May Concern,

I am writing to recommend Saturn Enterprises, Inc., an organization that has been a valued partner of OPIX Systems, LLC. We have worked together on several projects, and Saturn's performance has been outstanding.

Saturn is currently managing a multiple-building automation retrofit for three Texas federal buildings in Austin, Fort Worth, and Midland. Their expertise and management in commercial HVAC and building solutions have ensured the success of these projects and allowed us to collaborate closely. Additionally, Saturn handled the oversight and proposal submission for a large-scale airport building automation retrofit and other federal buildings for the General Services Administration (GSA).

Our collaboration with Saturn has always been productive and its commitment to excellence and innovative approach to building automation and high-efficiency HVAC projects have more than contributed to our joint success. We look forward to continuing our partnership for years to come.

I highly recommend Saturn Enterprises for any future projects. Owners and staff are professional, skilled, and dedicated to delivering top-quality results and are a pleasure to collaborate with whenever possible.

If you need any further information, please contact me via email at [melissa.winn@opixsys.com](mailto:melissa.winn@opixsys.com) or by phone at 682-348-1182.

Sincerely,

*Melissa 'Mimi' Winn*

To Whom It May Concern

I am pleased to write this letter of recommendation for Saturn Enterprises, Inc, a company that has been serving our organization, DYD HVAC Solutions, S.A. DE C.V., for over a decade.

Saturn has been an invaluable partner to DYD HVAC Solutions, consistently providing excellent customer service and support.

Over the years, we have come to rely on Saturn for the procurement of quality products and assistance with various projects. Their team has demonstrated a deep understanding of our needs and has always gone above and beyond to ensure our satisfaction.

In addition to their exemplary customer service, Saturn has played a significant role in assisting our design engineers and mechanical contractors with the selection, acquisition, and support of materials. Their expertise and dedication have been instrumental in the success of many of our projects.

I wholeheartedly recommend Saturn to any organization seeking reliable and professional services. Should you require any further information, please do not hesitate to contact me.

Sincerely,

  
MRS. ADRIANA L. MILLÁN  
General Manager
